1). PREFACE

THIS SECTION OF MY LOG IS INCOMPETE BECAUSE I HAVE NO CATALOG WHICH LISTS THE TOTAL NUMBER OF SHOWS BROADCAST EITHER BY DATE OF BROADCAST OR TITLE OF EPISODE.

I DO HAVE A PARTIAL LISTING OF AVAILABLE SHOWS FOR THE YEARS OF 1953 AND 1954.

THIS LISTING APPEARS ON THE FOLLOWING PAGES.

Due to a recently discovered list of confirmed dates for the Quarter-Hour Series for the years of 1953 PLUS the confirmed shows (either with date, title, or both) from my personal collection of FMM broadcasts for the years of 1953-54, my partial listing of available shows should have the amended total of 36 :

1953 - 21

1954 - 15

I have no way of confirming those date even though their chronological sequence appears to be correct by using a perpetual calendar.

At best, she supplies additional titles of
available shows for the years of 1953 - 1954.

NOTES SECTION

PREFACE

Jay Hickerson, in his book The Ultimate History of Network Radio Programming and Guide to All Circulating Shows , offers totals for the following two (2) categories pertinent to any complete "LOG" for the Fibber McGee and Molly show (FMM):

Total Number of Shows Broadcast

Total Number of Shows Available

HOWEVER, I have totals different from Jay's for the category of "Total Number of Shows Available". Therefore I have included this "NOTES SECTION" as part of my FMM research. When I have information about available shows different from his totals, I have noted such with an (*) for the appropriate year (s). These "new" listings are ones of CONFIRMED AVAILABLE SHOWS -- either broadcast and/or available.

NOTES

1935:

Jay Hickerson, in his Guide/History, and Carl Amari, in his Custom Tape Catalog, list only two (2) broadcast dates and episode titles for 1935.

Bob Burnham, in his BRC Productions Catalog, lists an episode as "#1 from NBC Discs" (order no. 1500), but no reference date is given. He also lists an episode titled "Motorcycle Cop, Judge, and Fibber" with a reference date of 4-13-35 (order no. 1499). This date is incorrect. Bob further lists an episode as "#3 Hot Dogs and Blowout" with a reference date of 4-30-35 (order no. 1500). The manner in which his catalog lists his programs available on cassette gives the impression that he has three (3) FMM programs available, not two (2) for 1935. Are we to presume that the 4-13-35 date is a "typo" and should be 4-16 OR are we to presume that the date of 4-13-35 is intended to be 4-23-35, thus either confirming the possibility or misleading the possibility that he has the first three (3) FMM shows available?

Chuck Schaden, in his magazine Nostalgia Digest, October-November 1991 issue, lists a third Fibber McGee and Molly show as both broadcast and available for 1935.

That third show, CHRISTMAS SHOPPING, December 9, 1935, was broadcast on WNIB-WNIZ FM 97 on Saturday, November 30, 1991.

NOTES

1939:

No broadcasts were aired for the following dates:

1-03; 1-10; 1-17; 5-02; and 5-09

1941:

Jay Hickerson lists no show available for the dates of 1/14 and 1/28. Carl Amari, however, in his Custom Tape Catalog, lists a broadcast AS AVAILABLE for the date of 1/28. (Hopefully, this episode of 1/28 is not the same as that of 2/25 in which Fibber returns old bottles for cash, but a separate episode altogether).

1942:

Jay lists the date of 12/15 as the last date for an available show. In his Nostalgia Digest magazine, Dec. 1990 - Jan. 1991, Chuck Schaden lists a program available for the date of 12/22/42. This episode was aired on WNIB-WNIZ 97 FM on Saturday, Dec. 22, 1990.

1943:

Jay lists the following dates as ones with no broadcast available: ~~4/23~~; 5/18; 5/25; 6/1; 11/9; 12/7; 12/21; and 12/28. However, Chuck Schaden lists shows available for those dates as listed in the following issues of his Nostalgic Digest magazine, and as aired on WNIB-WNIZ FM 97.

		(MAG. ISSUES)	(BR. DATES)
5/18	--	Aug.-Sep. 1993	(Aug. 21, 1993)
5/25	--	" "	(Sep. 11, ")
6/01	--	" "	(" 25, ")
11/09	--	Oct.-Nov. "	(Nov. 6, ")
12/07	--	Dec. 93 - Jan. 94	(Dec. 4, ")
12/21	--	" "	(" 18, ")
12/28	--	" "	(Jan. 1, 1994)

NOTES

1944:

I originally had only listed thirty-five shows broadcast for this year, but in double-checking Jay's totals, I realized I forgot to include two (2) dates -- 1/4 and 12/26. 37 is the correct total for the number of broadcasts -- that is why "inked-in" corrections exist.

Jay lists the show/broadcast of 2/29 as Not Available. However, in his Nostalgic Digest magazine, Feb.-Mar. '92 issue, Chuck Schaden lists an episode for this date, therefore it appears in the log.

1945:

Likewise, I originally had only listed thirty-eight shows broadcast for this year, forgetting the broadcast of 10/2. The "inked in" totals are correct -- 39 broadcasts.

1950:

Carl Amari's Custom Tape Catalog does not list a program for 11/7, but his regular catalog lists an episode entitled "McGee Needs Glasses" (RS 844). Hopefully, this is a correct entry and not a repeat of that same show as listed for broadcast dates of 4/25/39 and 4/15/41.

Multiple listings of / listings of broadcasts WITH THE SAME TITLE appears to be quite common. In addition to episodes of McGee Needs Glasses appearing in several year's listings, Breakfast in Bed for Molly is another episode title that appears more than one occasion (3/23/43; 2/6/51; and 3/3/53). Apparently when these broadcasts were originally aired, there was no title given/assigned -- catalog sources/dealers for organizational purposes have come up with episode titles to best describe the events of the given broadcast so it can be listed in a catalog format.

HOPEFULLY, in such instances, each episode is a different show and not a repeat.

NOTES

1951:

- (*) 2/6 Pancake Week -- this again is an episode for which the title assigned is listed in other years' broadcasts (see 1950 notes page notation). One catalog source listed this episode as Breakfast in Bed for Molly, two sources listed this episode's title as Pancake Week -- I chose the latter to avoid any confusion with previous listings, in hope once again that the episodes are separate from one another, and not duplicates.

1952:

- (*) 11/4/52 -- Jay lists the dates from 10/7/52 to 12/30/52 as a complete run: all shows broadcast for that time period as available. For that interim, twelve (12) broadcasts are available, BUT thirteen (13) dates exist for that time period's weekly broadcast sequence. 11/4 has no broadcast title or broadcast show available, therefore, we must assume that for some reason, NO SHOW WAS BROADCAST ON THAT DATE in order for this time period to be listed as a "Complete Run"

This notation "explains" why there are "inked-in" totals for the 1952 entries. For the "math" to work out, thus verifying Jay's totals, there had to only be a total of thirty-six (36) broadcasts for 1952 (and not the total of thirty-seven as I had originally computed by just using the sequence of broadcast dates)

"TOTALS" SECTION

A. OVERALL TOTALS *

1).	HALF-HOUR SERIES:	4/16/35 - 6/30/53	739 PROGRAMS
2).	QUARTER-HOUR SERIES:	10/5/53 - 3/23/56	578 PROGRAMS
3).	MONITOR SERIES:	6/01/57 - 9/6/59	278 PROGRAMS -----
FIBBER MCGEE AND MOLLY PROGRAM ----- TOTAL:			1595 PROGRAMS

* The above totals are those listed in Charles Stumpf's book, Heavenly Days. In the following pages, I will list totals provided by both Jay Hickerson and myself. Our totals will then be compared/cross-checked against those of Charles.

B. TOTAL NUMBER OF SHOWS BROADCAST

1). HALF-HOUR SERIES:

- a). April 16, 1935 - June 30, 1953 : 739 Programs (C. Stumpf)
- b). March 15, 1938 - June 30, 1953: 587 Programs (J. Hickerson)
- (3/15/38 - 5/23/50 -- 473)
(9/19/50 - 6/10/52 -- 76)
(10/7/52 - 6/30/53 -- 38)
(Sub-total -- 587)
- c). April 16, 1935 - March 7, 1938: 152 Programs (E. Pienkos)
- (4/16/35 - 7/2/35 -- 12)
(7/08/35 - 12/30/35 - 16)
(1/06/36 - 12/28/36 - 52)
(1/04/37 - 12/27/37 - 52)
(1/03/38 - 3/07/38 - 10)
(Sub-total -- 152)

SUMMARY: Both Jay's totals and those totals of mine that I "calculated" by using a perpetual calendar are correct:

$$587 + 152 = 739$$

B. TOTAL NUMBER OF SHOWS BROADCAST

2). QUARTER-HOUR SERIES:

- a). 10/5/53 - 3/23/56 : 578 Programs (C. Stumpf)
- b). 10/5/53 - 3/23/56 : No totals available (J. Hickerson)
- c). 10/5/53 - 3/23/56 : 645 Programs* (E. Pienkos)
- (10/5/53 - 12/28/53 -- 64)
(1/1/54 -- 1)
(1/4/54 - 8/23/54 -- 170)
(**8/29/54** - 12/26/54 - 90)
(1/2/55 - 9/18/55 - **190**)
(9/26/55 - 12/26/55 - 70)
(1/2/56 - 3/23/56 - 60)
(Sub-total - 645)

SUMMARY*: I "calculated" my total of 645 programs by using a perpetual calendar, and simply figuring the number of broadcasts per year assuming that the quarter-hour series program/format was broadcast for the full year.

The difference between the two totals is 67 programs (645 - 587 = 67).

AM I TO ASSUME THAT THE DIFFERENCE EXISTS BECAUSE THE QUARTER-HOUR SERIES WAS NOT A FULL YEAR SERIES BUT THE SEQUENCE OF SHOWS WAS "INTERRUPTED" BY SUMMER "RECESS"/SUMMER REPLACEMENT ??

B. TOTAL NUMBER OF SHOWS BROADCAST

3). MONITOR SERIES:

NEITHER Jay or I have any available information about the total number of shows broadcast for the period of 6/1/57 - 9/6/59.

Charles Stumpf lists 9/6/59 as the end date for the Monitor series, yet in his overall total section for the total number of shows broadcast for the Fibber McGee and Molly Show, he lists August 2, 1959. No explanation is given in his book Heavenly Days as to why the difference exists between 8/2/59 and 9/6/59.

Jay Hickerson in his Guide to All Circulating Shows lists 9/27/59 as the end date for the Monitor Series.

C. TOTAL NUMBER OF SHOWS AVAILABLE

1). HALF-HOUR SERIES:

a).	4/16/35 - 6/30/53	---	517	(J.Hickerson)
1).	4/16/35 - 7/2/35	---	2	
2).	7/08/35 - 3/7/38	---	4	
3).	3/15/38 - 5/23/50	---	397	
4).	9/19/50 - 6/10/52	---	76	
5).	10/7/52 - 6/30/53	---	38	

			517	

b).	4/16/35 - 6/30/53	---	534	(E.Pienkos)
1.	4/16/35 - 7/2/35	---	2	
2.	7/08/35 - 3/7/38	---	5 *	
3.	3/15/38 - 5/23/50	---	413 *	
4.	9/19/50 - 6/10/52	---	76	
5.	10/7/52 - 6/30/52	---	38	

			534	

SUMMARY: * MY CATALOG SOURCES CONFIRM THE AVAILABILITY
OF SEVENTEEN (17) ADDITIONAL SHOWS THAN JAY'S
CATALOG SOURCES. THE (*) INDICATES THE TIME
PERIOD FOR WHICH THE DIFFERENCE CAN BE FOUND.

ONCE AGAIN, THIS DIFFERENCE DOES NOT AFFECT
THE TOTAL NUMBER OF SHOWS BROADCAST (AS BOTH
JAY'S TOTALS AND MINE ARE CORRECT WITH EACH OTHERS
AS WELL AS WITH C. STUMPF'S) BUT RATHER THE TOTAL
NUMBER OF SHOWS AVAILABLE (CIRCULATING).

e. TOTAL NUMBER OF SHOWS AVAILABLE

2). QUARTER-HOUR SERIES:

- a. 10/5/53 - 3/23/56 : 121 Shows available (J.Hickerson)
- b. 10/5/53 - 3/23/56 : * Shows available (E.Pienkos)

SUMMARY*: Since I do not understand how to interpret the sequence of dates Jay lists in his log under/for the "Available Shows" section in his log, I could not use my perpetual calendar to calculate the total number of shows available.

As Jay has no information for available shows after 11/29/54, are we to presume that his total of 121 shows is based only on the 1953-1954 seasons?

Once again, any calculation depends upon whether or not if the quarter-hour series had any mid-year interruptions. (For ex., if the series were year round, and by using a perpetual calendar, my total of available shows for 1954 could total 132 for the months only up to 5/14. However, such a calculation is moot).

CONCLUSION: For the year of 1953, Jay lists the broadcast date of 12/28/53 as Not Available. However, I have this show in my personal collection.

Therefore, Jay's total of 121 Shows Available is at least one (1) less than any actual total.

- 3). MONITOR SERIES: The ONLY information about the total number of shows available is Jay's 109 segments listing.

VI.

CONCLUSION

VI. CONCLUSION

With respect to the total number of FMM Broadcasts, I know from Charles Stumpf that 1,595 broadcasts were aired for the period from 4/16/35 to 9/27/59. The correct date for the last broadcast is a matter of interpretation, and possible a moot one as Charles lists 8/2/59 while Jay Hickerson lists 9/27/59.

As for the "breakdown" of that 1,595 Broadcast total into the categories of half-hour series; quarter-hour series; and Monitor series, I can confirm that the 739 broadcasts figure for the half-hour series is correctly "divided" into the sub-totals for Jay's totals (587) and those calculated by me (152). As for the quarter-hour series, Charles's figure of 578 broadcasts is the only one available as neither Jay or I list totals for the number of broadcasts (esp. since I do not know the format for the quarter-hour series broadcasts' sequence). As for the total number of broadcasts for the Monitor series, again Charles's figures are the only ones available for that time period.

As for the total number of available shows, Jay's total (517) and mine (534) differ. The proof of those additional 17 available shows can be found in the Inventory of Shows Available for the Half-Hour Series. As for the total number of available shows for the Quarter-Hour Series, Jay's figure of 121 shows stands as is since I can not interpret the sequence listing of available shows he provides in his History/Guide. Of that 121 available quarter-hour shows, I can only confirm the existence of those shows that I have in my personal collection even though a good case can be made to the accuracy of the dates listed in both a catalog's/trader's source. (36)

As for the Inventory of Shows Available for the Half-Hour Series, my log's listing is only as good as that of Carl Amari's Custom Tape Catalog -- the best/complete I have seen amongst my FMM catalog sources. I may only be able to update my log for those entries labeled/listed as "Broadcast aired, Title Unknown" by purchasing a FMM log from either Tom Price or Terry Salomonson, or by finding new listings for my "Watch List" from my current catalog sources.
